## ADULT RESIDENTIAL FACILITY

### PREADMISSION QUESTIONNAIRE

The following questionnaire is designed to assist adult residential facility staff to identify specific issues that may affect the placement of and/or services to be provided to prospective residents of Adult Residential Facilities. The questions on this list should be reviewed with the applicant's responsible party prior to admissions to the facility. If the answer to any of the questions on this list is yes; the intake staff should gather information to determine whether or not the facility will be able to admit the resident and meet his/her needs.

The information on this form supplements the Needs and Services Plan form (LIC 625), but does not replace it. While the information gathered from this form should assist staff in making appropriate placement decisions, it is not a required form and does not constitute a preadmission appraisal.
